Tyson Berndt of Quincy earned top honors at Saturday's Waypoint Foundation Scholastic Chess Tournament, besting a pair of Ephrata youth to take home the \$500 grand prize. Connor Quist and Timothy Novinsky tied for second place. Roger Pugh, one of the tournament organizers, called the eighth annual competition "our best event ever. Everybody got along well and had a lot of fun." The tourney, which was organized by Roger and Troy Pugh to honor their older brother, Ryan, who passed away in 2001, drew 98 participants. Above, Adrian Vela (right) moves his rook into position during a game with Chandler Dutcher. At right, siblings Garrett and Megan Quist play for family bragging rights.
